

Landmark Cash Access Solutions

New Enhancement

Title 31 tracking

Integrated and automated Title 31 tracking on all cash access financial transactions

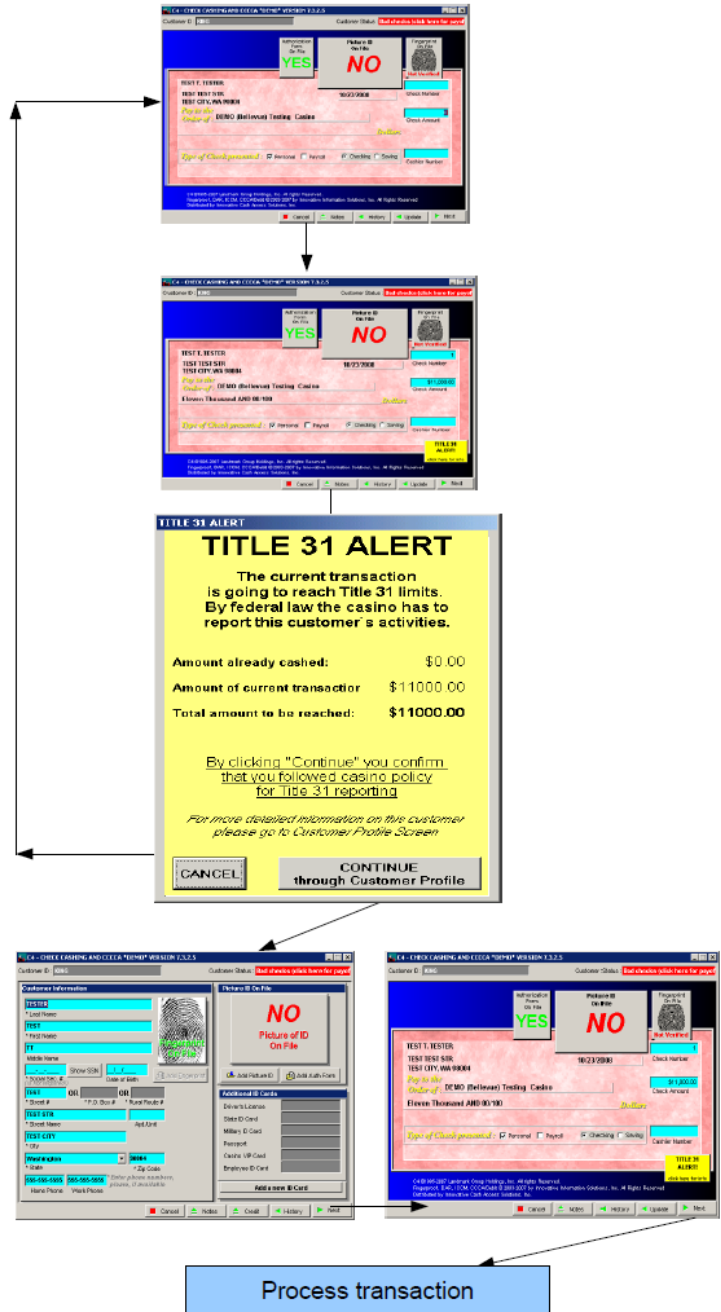

We are the *only provider* to offer this integrated service to its clients.

This innovative monitoring system is available at no cost when **Landmark's** cash access services product suite is used.

Since **Landmark's** check cashing and credit card cash access services are fully integrated, our Title 31 system can monitor both of these services for Title 31 reporting.

Features

- An Alert is presented when the customer reaches the Title 31 requirements for your casino
- The transaction can be cancelled or you can continue on with the transaction confirming that CASINO POLICY IS BEING FOLLOWED
- We also provide comprehensive reporting for control and monitoring proposes.
